

MANAGED CONSERVATION LANDSCAPING

IN PROPERTY OWNERS' ASSOCIATIONS

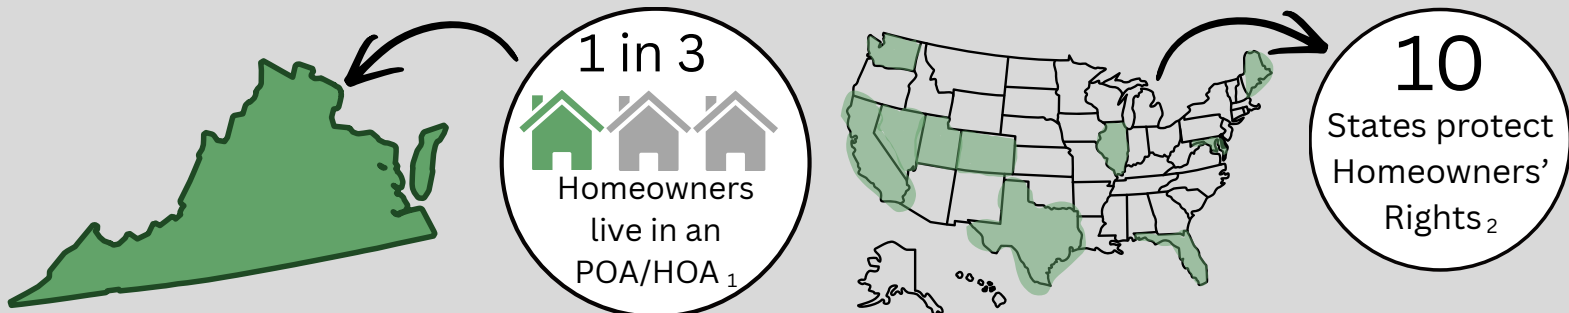

PATRON: DEL. SEIBOLD

LEGISLATIVE ASK

Support Managed Conservation Landscaping (2027)

Give Virginians the freedom to plant native plants, control erosion and runoff, advance Chesapeake Bay goals, and support Pollinators.

VIRGINIA HAS NO STATUTE PROTECTING A HOMEOWNER'S RIGHT TO PLANT CLIMATE-WISE LANDSCAPING

What does this bill propose?

Defines managed conservation landscaping using native plants and ecological best practices

Safeguards homeowners' rights to climate-resilient landscaping

Preserves reasonable rules for height, safety, and sightlines

Why does it matter?

34% of US adults purchase plants to help wildlife - up from 26% in 2020₃

67% of US Consumers are enthusiastic or curious about Native Plants

1 in 5 gardeners report their HOA stands in the way of conservation landscaping₄
